IN THE MATTER OF THE POLICY FILING
MADE BY DELMARVA POWER & LIGHT
COMPANY ENTITLED PROPOSED FORWARD
LOOKING RATE PLAN
(FILED OCTOBER 2, 2013)

PSC DOCKET NO. 13-384

PUBLIC NOTICE OF APPLICATION OF DELMARVA POWER & LIGHT COMPANY FOR AN EXAMINATION OF ITS FORWARD LOOKING RATE PLAN

TO: THE CUSTOMERS DELMARVA POWER AND
LIGHT:

On October 2, 2013, Delmarva Power & Light Company, ("Delmarva" or the "Company") made a policy filing with the Delaware Public Service Commission ("the Commission") seeking an examination of its Proposed Forward Looking Rate Plan ("FLRP" or the "Plan"). The Plan suggests that it arose out of the Settlement in the Company's last electric base rate case (Docket No. 11-528) in an attempt to address, outside the confines of a rate proceeding, two issues: (1) the establishment of metrics to help customers understand how investments in Delmarva's plant in service benefits them in a quantifiable manner; and (2) alternative regulatory methodologies which would include, but not be limited to, multi-year rate plans. The FLRP presents a change from the traditional rate making process used for many years in that it attempts to set rates that will reflect a utility's cost during a future rate effective period, rather than on a past or historic period by estimating the amount that Delmarva will spend on capital, as well as operations and maintenance ("O&M"), for each of four years that FLRP rates

will be in effect (through 2017). The Plan details the customer distribution rate impacts of the proposed FLP, and the attached testimony describes the reliability and non-reliability capital investments through 2017, as well as the level of O&M expenses needed to maintain and enhance the distribution system through 2017.

At its meeting on October 22, 2013, the Commission ordered that a docket should be opened to review the Plan and gives the Commission Staff the responsibility to conduct that review and report back to the Commission on its recommendations regarding implementation of the proposed Plan for setting Delmarva's future electric distribution rates.

If you wish to formally participate as a party in this matter, with the right to present evidence and be represented by counsel, you must file with the Commission a written petition asking for leave to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (26 Del. Admin. C. §1001-2.9) on or before November 22, 2013. All such petitions should be sent to the Commission, at 881 Silver Lake Boulevard, Cannon Building, Suite 100, Dover, Delaware 19904, with attention to "PSC Docket No. 13-384." Petitions filed after the deadline of November 22, 2013, will not be considered except for good cause shown.

You are invited to review the Petition and supporting documents to determine how your interest may be affected. You may review documents posted on the Commission's website at <http://depsec.delaware.gov/>.
